

**SAVE THE DATE!!**

**September 10-11, 2009** (arrivals on September 9)

**The Dawn of a New Era: Transforming our Domestic Response to Hepatitis B & C**  
Marriott Wardman Park, Washington, DC

We are pleased to announce this upcoming summit, co-chaired by Drs. Anna Lok and Eugene Schiff. The objective of the summit will be to develop and support a coordinated approach to the management of chronic HBV and HCV by way of careful examination of information on prevention, testing, earlier diagnoses and treatment initiatives.

The program will feature experts from the national and international private sectors and government, representing gastroenterologists, hepatologists, infectious disease and transplant specialists, primary care physicians and public health specialties.

This activity has been approved for AMA PRA Category 1 Credit.

The program is jointly sponsored by the Postgraduate Institute for Medicine and Healthmatters CME, and supported by educational grants from multiple commercial supporters.

Registration is \$250, exclusive of travel and hotel accommodations.
