

WCG-Center Watch Clinical Trial Listing Service (CTLs)

You can browse by Medical Condition, Therapeutic Area, or Location

The screenshot shows the WCG-Center Watch Clinical Trial Listing Service (CTLs) website. The top navigation bar includes links for 'Search Clinical Trials', 'Clinical Trial Listings', 'Volunteer', and 'Learn About Clinical Trials'. The main search bar has a placeholder 'Search Condition treatment or keyword' and filters for 'Location' (City, State, Zip) and 'Distance' (Entire World). The 'BROWSE BY' section on the left has 'Medical Condition' selected. The main content area displays a list of medical conditions: AIDS and AIDS related infections, Abdominal Cancer, Abdominal Surgery, Abnormal Blood Vessels (Arteriovenous Malformations), Achalasia, Acne, Acne Inversa, Acquired Immune Deficiency Syndrome (AIDS - Pediatric), Acromegaly, Acute Myelogenous Leukemia (AML), and Acute Myeloid Leukemia. A blue callout box on the right asks 'Not the study for you?' and encourages signing up as a volunteer to receive email notifications.

To search for trials in a particular country or region, click on **BROWSE TRIALS BY LOCATION**. You will see the screen below. Select the continent you are interested in. Then you can select the country and enter condition, treatment or keyword in top search bar.

The screenshot shows the WCG-Center Watch Clinical Trial Listing Service (CTLs) website with the 'BROWSE BY' section set to 'Location'. The main content area displays a grid of continent buttons: Africa, Asia, Australia, Europe, North America, and South America, each with a right-pointing arrow. A blue callout box on the right asks 'Not the study for you?' and encourages signing up as a volunteer to receive email notifications. A large blue arrow points from the 'SIGN UP AS VOLUNTEER' button in the callout box to the 'Get Email Notifications' section below.

Get Email Notifications

You can also sign up as a volunteer, and you will receive an email when clinical trials are posted in the medical category of interest to you.

Example Search

Search condition: Hepatitis B

Location: China

Distance: < 50 miles

The screenshot shows a clinical trial search interface. On the left is a 'Filters' sidebar with the following sections:

- Type:** Remote (selected), On Site
- Actively recruiting:** ☒ (selected), ☐ Accepts healthy volunteers
- Age:** A range slider.
- Gender:** ☐ Male, ☐ Female
- Trial Phase:** ☐ Phase 1, ☐ Phase 2, ☐ Phase 3, ☐ Phase 4
- Sponsor:** A search bar and a list of sponsors including Beijing 302 Hospital, Beijing Continent Pharmaceutical Co, Ltd., and Beijing Ditan Hospital.

On the right, the search results are displayed for the query 'hepatitis B' in 'China' within '< 50 Miles'. The results list three trials:

- Chronic HBV Infection in Pregnant Women Taking TAF to Prevent Vertical Transmission** (Beijing, Beijing) - Recruiting. Description: Mother-to-child transmission is the main route of transmission of HBV in China, and about 30% - 50% of chronic HBV carriers are infected by this route. Although the current hepatitis B vaccine combined with hepatitis B immunoglobulin scheme has achieved excellent results, about 5% - 10...
Phase: N/A, Span: 78 weeks, Sponsor: New Discovery LLC. [READ MORE](#)
- Biomarkers Guided Stopping NAs Treatment** (Beijing, Beijing) - Recruiting. [READ MORE](#)
- Clinical Study on the Effect of IVF-ET on Mother-to-child Transmission of Hepatitis B Virus** (Beijing, Beijing) - Recruiting and Healthy Volunteers. Description: This study is a retrospective study that only retrospectively collects a variety of patient data and does not perform any treatment or examination on the patient. The research design is as follows: 1.

The left side menu allows searches by actively recruiting, gender, trial phase, and sponsor:

This block provides a detailed view of the left sidebar filters:

- Filters**
